# Peyton's Peerless Peonies

**George W. Peyton - Windy Hill Gardens, Rapidan, Virginia**

Telephone Orange 3355

Box No. 1

May 1, 1950

LOCATION: Rapidan, Orange County side of Rapidan River, Highway 673, first entrance on left (east) beyond junction with Highway 615.

## PLEASE READ CAREFULLY BEFORE ORDERING

This price list cancels all conflicting prices in previous lists.

TERMS: Cash with order. Check or money order preferred. Make all remittances payable to George W. Peyton.

WHOLESALE PRICES: As I do not attempt to grow large quantities, I cannot usually make wholesale prices. When it is possible to do so, I shall be glad to accommodate my grower friends.

ROOTS: Standard three to five eye divisions will be sent when possible. Sometimes a division with two good eyes and an adequate root system will be the only one available. All roots are guaranteed true to name. Results cannot be guaranteed. None are guaranteed to bloom the first year, though they may do so.

If you do not like the roots when received they should be returned at once.

DELIVERY by insured parcel post only. Orders except for Mixed Peonies for five dollars or more are delivered free. On orders for less than five dollars add twenty-five cents for the first root and five cents for each additional one.

ORDERS are accepted subject to cancellation in whole or in part if suitable roots are not available at time of shipment. All varieties priced at ten dollars each or more are very scarce. They should be ordered as soon as possible.

VARIETIES: This list contains only the finest and best in the world, both old and new. I can supply almost any peony in commerce. Let me handle your entire peony order. I can usually save you money. I can certainly save you time and trouble. I shall be glad to quote on any variety not listed, if available.

SMALL DIVISIONS: These can usually be supplied in varieties priced at five dollars or more. If interested, ask for quotations.

ABBREVIATIONS: E—early; M—midseason; L—late; B—blush; LP—light pink; DP—dark pink; P—pink; R—red; W—white; Y—yellow; C—cut flower; F—fragrant; G—good garden subject; U—unreliable bloomer.

COLOR GROUPS: Each variety is listed in the color group to which it is usually assigned. It must be remembered that color varies a great deal sometimes. White peonies often show a decided tint of pink. The dividing line between blush, light pink, dark pink, red is often hotly disputed. So take these color classifications with a grain of salt.

**TYPES: DOUBLE**—Those that are full double or have stamens that are not prominent. Here are listed the great exhibition flowers, some of which have poor stems and are sometimes hard to open, marked U; also many of the best garden flowers we have, with strong stems, fine plants and beautiful flowers, marked G.

**DECORATIVE:** Those that are especially useful in the garden and for house and arrangements. They include many of the loveliest and most beautiful of all peonies. These types are: SEMI-DOUBLE, which show prominent stamens either in rings of stamens and rows of petals or with several rows of guard petals and a center of yellow stamens. JAPANESE: One to three rows of guard petals and a center of more or less transformed stamens and anthers, called staminodes, usually yellow or edged and tipped yellow with no visible pollen. SINGLE: One to three rows of guard petals with a center of yellow pollen bearing stamens and anthers. These types should not be disbudded unless extra large flowers are desired. The side blooms are very beautiful and prolong the blooming season for each individual variety for a week or more.

NOTE the lower prices this year of some of our finest varieties.

#### **DOUBLE—WHITE AND BLUSH**

A. B. C. Nicholls, L. Orange tints.....	\$ 5.00
A. B. Franklin, L. Blush, U. Very beautiful in the North.....	3.00

Semi-double—White:	Aerie .....	6.00
	Ethel Mars .....	5.00
Japanese—White:	Plainsman .....	6.00
Japanese—Pink:	Westerner .....	6.00

### NEW VARIETIES

The following new varieties are being offered for the first time. They are all outstanding varieties, if they can be judged by the few years performance they have been in existence.

PINK WONDER (Bigger, 1950) Tentative name only. Full double, large bright pink. Very floriferous. Good plant..... \$10.00

CRABAPPLE (Aldrich). Charming light apple blossom pink semi-double. Very scarce. Orders may have to be cancelled..... 5.00

This was originated by Mrs. John Aldrich of Kansas City. It was shown by Mr. A. M. Riley at Sarcoxie this year.

On the following page a number of new varieties are being offered from stock that is wholly owned by Gilbert H. Wild and Son of Sarcoxie, Missouri. The writer has seen all of them in bloom and can say that they all give great promise of being well worth growing in any garden.

## NEW VARIETIES

Gilbert H. Wild and Son, Sarcoxie, Missouri, are releasing a limited number of roots of several varieties never before offered for sale. They have the entire stock of all of them. Every one should prove to be an outstanding variety. Several of them already have won high honors. Owing to scarcity of stock, standard divisions cannot be promised but will be sent whenever possible. The only guarantee given is that the roots will be true to name and in good condition when shipped. Orders should be sent at once and are subject to cancellation in whole or part if suitable roots are not available at the time of shipment.

### SEEDLINGS OF DR. H. C. COOPER

DORIS COOPER.	Tall, good stems. Late. Very light pink full double. Beautiful form and coloring. Has won Best Flower in the Show, American Home Achievement Medal and Gold Medal of the A. P. S. and many other high honors .....	\$25.00

## NEW AND SCARCE PEONIES

ANN COUSINS will not be obtainable this year according to the latest information.

DORIS COOPER. The originator of this beautiful light pink that has won every honor that a peony can win, will sell the entire stock consisting of about 100 three-year-old plants, as a whole this fall. It is hoped that the buyer will release some for retail sale. Write me at once if you desire me to try to obtain a root for you. Success in the endeavor is not guaranteed. The price is not yet set, but will probably not be over \$25.00 each.

A supplemental list of varieties not offered in this list may be issued in the summer. If you wish one, ask for it as it will not be mailed except upon request.

## MIXED PEONIES

It may be possible to offer a few this year. If interested, write late this summer.

## MY 1950 PEONY PILGRIMAGE

An account of my trip through Peonyland and of the shows and gardens visited with lists and brief descriptions of the outstanding varieties of the year in each color and type, including hybrid and tree peonies, will be published as soon after the close of this season as possible. Owing to the heavy expense of the trip and cost of publication it will not be sent free. If you wish one or more copies, send your order to me before July 1, 1950, if possible. The price will be fifty cents (50c) per copy. No stamps, please.

## THE AMERICAN PEONY SOCIETY

Join this Society and receive four bulletins a year filled with peony news. Dues are three dollars a year. The year starts with the January issue each year. I shall be glad to handle your membership. A sample bulletin will be sent on request.
